

ICAR- DCFR, Bhimtal organized NFDB sponsored awareness Programme on “Fish Health Management in cold water fishes” on 19th Sep, 2018

ICAR-Directorate of Coldwater Fisheries Research conducted one day mass awareness cum training programme on **“Fish Health Management”** for the fish farmers at Joginder Nager, Himachal Pradesh on **19th Sep, 2018** under the National Surveillance programme for Aquatic Animal Diseases (NASPAAD). Programme was attended by 30 farmers belonging to Mandi district of Himachal Pradesh. The motive of the programme was to aware fish farmers about better health management practices (BMPs). Farmers were given deep insight about the commonly occurring diseases in farmed Coldwater fishes, diagnostic symptoms and their preventive/control measures. Shri Khem Singh Thakur, Assistant Director Fisheries, Mandi and other Officials from the Department of fisheries, Himachal Pradesh supported the activity.

The training was funded by the National Fisheries Development Board and co-ordinated by Mr. Raja Aadil Hussain Bhat, Scientist, ICAR-DCFR. Mr. Kushagra, Mrs. Kavya, Ms. Nupur, and Ms. Bhawna, SRF were also present in Programme. In order to improve the effectiveness of future awareness programmes, feedback and suggestions were taken from fish farmers.
