

Date: 18.12.2024

Name of the Institute: ICAR-Directorate of Coldwater Fisheries Research, Bhimtal

Name of Activity: Cleanliness maintenance – cleaning of trout hatchery unit at the Experimental Fish Farm & Field Centre, Champawat

A cleanliness drive inside the trout hatchery unit of the Experimental Fish Farm & Field Centre, Champawat was carried out mainly focusing on the water inlet and outlet systems. All the components of the hatchery were properly cleaned and sanitized for its effective utilization. The event successfully reinforced the commitment to environmental sustainability and workplace cleanliness.
