

ICAR-DCFR organized one day training-cum-input distribution programme under SCSP

ICAR-Directorate of Coldwater Fisheries Research (DCFR) organized one day training-cum-input distribution programme on “Feed and disease management in trout farming” under SCSP on 24 October 2024 at Bhimtal. 22 scheduled caste farmers engaged in trout farming from Chamoli and Nainital district of Uttarakhand attended the training. The training programme was designed for the farmers to learn management practices of major diseases in trout farms of Uttarakhand. Farmers also got the opportunity to learn feeding schedule of trout and other scientific management practices for trout raceways.

At the end of the programme, certificates along with inputs like trout feed, drag nets, hand nets, pond cleaning brushes, pH meters and thermometers were distributed to the farmers in presence of Dr. Amit Pande, Principal Scientist & Head, Aquaculture, Dr Suresh Chandra, Principal Scientist, Dr. Renu Jethi, Sr. Scientist, Dr Biju Sam Kamalam, Scientist and Sh. Santosh Kumar, ACTO. The programme was conducted under the guidance of Dr. Pramod Kumar Pandey, Director, ICAR-DCFR, Bhimtal.
