

ICAR-DCFR organized one day training cum Input distribution programme at Mandi, Himachal Pradesh on November 7, 2024

A one-day training cum input distribution programme was organized successfully by ICAR-DCFR, Bhimtal on November 7, 2024 focusing on health management in rainbow trout farming at Barot Valley, Mandi in collaboration with the Department of Fisheries, Government of Himachal Pradesh under the Scheduled Caste Sub-Plan (SCSP) scheme.

The programme included expert-led sessions on health management practices in rainbow trout farming, aimed at enhancing technical skills and knowledge for sustainable fish farming. Approximately 25 farmers from the Scheduled Caste community participated, gaining valuable insights essential for rainbow trout farming. Farm inputs were also distributed among the farmers to support their ongoing farming activities.

The event was held under the esteemed guidance of the Director, ICAR-DCFR, Bhimtal and the Director, Directorate of Fisheries, Government of Himachal Pradesh.
