

Date: 15.10.2024

Name of the Institute: ICAR-Directorate of Coldwater Fisheries Research, Bhimtal

Name of Activity: Sanitation and cleaning of mahseer hatchery

As a part of the Special Campaign 4.0, the Mahseer Hatchery premises of ICAR-DCFR were cleaned thoroughly. All the hatchery troughs and trays were cleaned and disinfected. The other gadgets relevant to the hatchery operations were cleaned and kept in order for proper upkeep. The participants were educated about the significance and benefits of maintaining cleanliness.

Cleaning activities in the hatchery premises
