

Date: 17.10.2024

Name of the Institutes: ICAR-Directorate of Coldwater Fisheries Research, Bhimtal (campaign carried out at the Experimental Fish Farm & Field Centre, Champawat)

Name of Activity: Farmers interaction and waste management awareness in MGMG adopted village

As a part of the Special Campaign 4.0, farmers' interaction and waste management awareness programme was conducted at EFF, Champawat with the active participation of farmers. Farmers were made aware about the easy method to convert kitchen and other household organic wastes to compost, which can be utilized in their kitchen gardens and agriculture fields.

Many farmers informed that by utilizing household wastes efficiently, they are able to produce organic vegetables from their farms and earned good price. The programme was attended by farmers and farm women of different villages from Pati block, Champawat district and Berinaag of Pithoragarh district.

Farmers interaction and awareness on waste management
