

Dated:21.10.2024

Name of the Institute: ICAR-Directorate of Coldwater Fisheries Research, Champawat

Activity name: Cleaning of Trout Hatchery and Scientist Retiring Room at ICAR-DCFR Experimental Fish Farm & Field Centre, Champawat Campus

Cleaning of the Scientist retiring room and trout hatchery at the EFF & FC was carried out. All the troughs and trays in the hatchery were thoroughly cleaned and disinfected alongwith other hatchery gadgets.

All surfaces, including desks, shelves, and chairs, were dusted and wiped with disinfectant. All wastes were sorted and disposed off according to facility guidelines. Main aim of this activity is to ensure a hygienic and safe environment for ongoing research and operations. The cleaning process of both the Scientist Retiring Room and the Trout Hatchery was completed successfully, meeting all cleanliness and safety standards.
