Name of the Institute: ICAR-Directorate of Coldwater Fisheries Research, Bhimtal

Name of Activity:Waste to Art and SWM assets beautified with Wall Paintings

An event was organized in ICAR-DCFR, Bhimtal where students and local youth participated in art competition. There was exchange of ideas regarding the conversion of waste to art and the awareness regarding reuse, reduce and recycle of wastes. Participants were provided with materials to build artifacts, sketches and paintings. A total of 14 participants attended the event. Students also prepared sketches on the theme “Cleanliness at workplace” highlighting the essential steps that could be taken at workplaces to keep it clean. Waste materials such as waste tyres, papers and bottles were given to the staff and local people to prepare artifacts. The folks were also provided the opportunity to visit places where waste to art installations have been displayed.

Different activities at ICAR-DCFR, hq and local areas of Bhimtal
